Dear Dr.

I want to thank you for your tremendous care for me while I face cancer. You have made a huge difference in my life and have made this process more bearable.

I hope you know how important the work you do is and how much your patients appreciate you, whether we take the time to tell you or not.

Please keep up the great work, knowing you are making a difference in the lives of people like me.

Gratefully,

thank you.
